INDEX.

NOTE.—Illustrated articles are marked with an (*) asterisk.

ARTICLES.

	PAGE
A. M. Scott, twin-screw steamer	*451
Ajax, fire tug of the Southern Pacific Railway Company	*248
Akassa, steamship	429
Alabama, lake passenger steamer	*366
Alaskan river boats	*466
Arkansas, U. S. battleship	292
Armaments of battleships, notes on. White	497
Armored cruiser S. Giorgio	*315
Atalanta, Clyde turbine steamer. McPherson	13
Atsuta Maru, Japanese twin-screw steamer	*273
Auxiliaries, marine. Walker	*109
Axholme, stern-wheel steamer	454
Balmoral Castle, new Castle liner	*45
Barges, reinforced concrete	150
Battleship Colossus, launch of	*259
Battleship Florida, launch of	*240
Battleship of the future. Bacon	252
Battleships Delaware, North Dakota, Florida, Utah, Wyoming and Arkansas.	292
Battleships, notes on armaments of. White	497
Bear, single-screw passenger steamer	*99
Beaver, single-screw passenger steamer	*99
Bluff City, light-draft, stern-wheel steamer.	*465
Boat problem. Walker	358
Boiler attachments and funnel draft. Spencer	*100
Boiler, tests of B. & W	495
Boilers, treatment of marine, on long voyages. Ruck-Keene	*3
Bradford City, trial trip of steamer	137
Braila, bucket and pump dredger	*190
Calculations for the size of a pump beam. Bragg	*144
Chasseur, French turbine destroyer	*283
Chester, shallow-draft steamer	*463
Citta di Catania, first Italian turbine passenger steamer. Attilio	*407
City of Montgomery, passenger and freight steamship, Savannah Line	*293
City of Philadelphia, river steamer	*133
City of St. Louis, passenger and freight steamship, Savannah Line	*293
City of Wilmington, river steamer	*133
Coaling warships at sea	*370
Coalinga, Associated Oil Company's new steel oil tanker	*324
Coastwise, steel-screw collier	*290
Colliers Mars, Vulcan and Hector	*25
Colossus, launch of the British battleship.	259
Column tables for ship work. Anderson,	*409, 514
Concrete barges reinforced	150
Corona, twin-screw, shallow-draft steamer.	*478
Cost of operation of cruising launches of the revenue cutter service, using coal and gasoline	207
Crane, 25-ton steam traveling wharf	*71
Creole, performance of	280
Cruiser, a small off-shore. Tasker	*141
David Scannel, San Francisco fire-boat	*244
Davits, improvement in the Welin	*334
Delaware, U. S. battleship	292
Dennis T. Sullivan, fire-boat San Franciso	*244
Derelicts	*251
Design for a naval collier. Barry	*326
Design of reversing engines. Bragg	4
Destroyer Roe, boiler tests of. Bailey	*319
Destroyers, modern torpedo boat	*329
Destroyers Reid and Flusser, turbine machinery of	*158
Destroyers Roe and Terry	413
Destroyers Voltigeur, Chasseur, Fourche, Tirailleur	*283
Diego Martinez, twin-screw, shallow-draft steamer	455
Diesel marine engine, installation of on a lake steamer	*480
Diesel marine engine, Sulzer. Jacoby	*41
Dipper dredge for Montreal contractors	*193
Dipper dredge, 15-yard	*179
Doris, steam yacht	428
Dredge, Dutch motor	*188
Dredge, 15-yard dipper	*179
Dredge for Montreal contractors	*193
Dredger, a rock-lifting	*197
Dredger, Braila	*190
Dredger, electrically-operated suction. Donnelly	*200
Dredger, large bucket	*205
Dredger, new type of gold	*189
Dredger, Pharaon II.	*183
Dredger, seagoing, twin-screw bucket	*189
Dredgers, gold	*183
Dredgers, mammoth clay-cutting suction reclamation	*202
Dredgers, new bucket, for the Kaiser Wilhelm Canal	*194
Dredges, portable	*206
Dredges, seagoing suction. Cornbrooks	*186
Dredging gold in California	*206
Drottning Victoria, Swedish train ferry. Coleman	*10
Economy in coal and oil consumption by United States naval vessels	258
Economy of a marine engine, effect of superheat on. Haligan	*106
Effect of shifting cargo. Liddell	*239
Eighteenth annual meeting of the Society of Naval Architects and Marine Engineers	522
Egypt, Nile passenger steamer	*477
Electric motors for propulsion. Mavor	53
Endeavor, stern-wheel steamer for Baptist Missionary Society	*461
Engine 47, Boston fire-boat	*249
Engines, tandem compound steamboat	*468
Engineering education in the navy	91
Engineering School, U. S. Naval	281
Evaporating plant on board ship. Auken.	*95
Ferry Odin	*429
Ferry steamer Drottning Victoria. Coleman	*10
Ferry steamers, twin-screw for Calcutta.	*428
Fire-boat David Scannel	*244
Fire-boat Denis T. Sullivan	*244
Fire-boat engine 47	*249
Fire-tug Ajax	*248
Florida, launch of the battleship	*240
Florida, U. S. battleship	292
Flying Kestrel, single-screw tug and passenger tender	*423
Fourche, French turbine destroyer	*283
France	*512
Fuel oil. Percy	156, 209, 232
Furnace doors, inswinging	*297
Gamecock, stern-wheel towboat	*237
Gasoline (petrol) launch for the Isthmian Canal Commission. Tasker	*146
Gearing for marine turbines. Parsons	*253
Georgian, American-Hawiian steamers	*399
Gen. E. O. C. Ord, twin-screw steamer for submarine mine service. Fuller and Marsden	*16
Gold dredgers, large California. Bowers	*205
Gunboat, shallow-draft	*441
Hector, U. S. collier	*25
Herman Frasch, steamship	*66
Hirano Maru, Japanese twin-screw steamer	*273
Honolulan, American-Hawiian steamer	*399
Hydroplane boat	*321
Indiana, light-draft, stern-wheel steamer.	*465
Indicator for marine engines. Root	*23, 55, 97, 147, 208, 257, 278, 317, 379, 412, 508
Influence of the depth of water on the resistance and speed of high-speed torpedo craft	*14
Institution of Naval Architects	165, 288
Isherwood-framed ship	*355
J. A. Chanslor, bulk-oil steamship	*227
John Todd, proposed design for stern-wheel river steamer	*460
Jonathan Holt, designed for West African service	*373
Kaiser Wilhelm II., model German tug	479
Kama Maru, Japanese twin-screw steamer.	*273
Kentuckian, American-Hawiian steamer	*399
Kitano Maru, Japanese twin-screw steamer	*273
Launch for Isthmian Commission. Tasker.	*146
Laundries, steamship	*426
Life saving at sea. Walker	*403
Lisboa, Portuguese Royal Mail steamer	*420
Macao, shallow-draft gunboat	*441
Machine tools used in ship construction, some special. Amos	*5
Machinery and piping arrangements. McColl	*21, 47, 138
Mackenzie river	*455
Madge III., shallow-draft power cruiser	*383
Marine propulsion by electric motors. Mavor	53
Marine steam engine indicator. Root	*23, 55, 97, 147, 208, 257, 278, 317, 379, 412, 508
Mars, U. S. collier	*25
Menaces of the sea	*251
Metallic life boats in the United States.	*517
Millepede	*478
Morden wood steel-screw steamer	414
Motor boats, modern. Cutbush	153
Motor launch, seamless steel shallow draft.	469
Motors, Danish petroleum and crude oil. Holm	*151
Naval appropriations, American	353
Naval Architects and Marine Engineers, eighteenth annual meeting of	480, 522
Naval collier, design for. Barry	*326
Naval School of Marine Engineering, U. S.	281
North Dakota, U.S. battleship	292
North Land, for the Maine Steamship Co.	*235
Notes on the armaments of battleships. White	497
Odin, Danish car ferry	*429
Ohma, New Zealand river steamer	*442
Oil fuel installation on Yale and Harvard.	*322
Oil fuel. Percy	156, 209, 232
Oil steamer J. A. Chanslor	*227
Oil tanker Coalinga	*324
Olympic, launch of	*489
Ore-handling equipment for lake vessels. Sheridan	*49, 92
Packet ships, old transatlantic. Bradlee.	*374
Paddle-wheel steamers, some data on. Anderson	445
Parsons reduction gear	*253
Petroleum motors, Danish. Holm	*151
Pharaon II. Seagoing suction dredger	*183
Powering of ships. Koon	*361
Practical operation of steam turbines and reciprocating engines. Nolan	510

PAGE

Prinses Juliana, twin-screw steamer..... *104
Pump beam, calculations for size of. Bragg *144
Repairs to Ransom B. Fuller, Monteagle. *211
Resistance and speed of high-speed torpedo craft, influence of the depth of water on..... *14
Reversing engines, design of. Bragg.... 4
River boat, 100-foot 479
River steamboat practice, notes on. Rees. *443
River steamer Ohma..... *442
Roe, boiler tests of. Bailey *319
Roe, torpedo-boat destroyer 413
Rotary compasses, replacing magnetic by. *54
Rotorua, combination steamer *385
Rulings of the office of the Supervising Inspector-General of the United States Steamboat Inspection Service.....427, 481
Ruth, Isherwood-framed ship *355
S. Giorgio, Italian armored cruiser. Attilio *315
St. Albans, Eastern and Australian trade. 427
Schools of marine engineering and navigation in Continental Europe. Dooley. 139
Schooner Wyoming, the six-master..... *1
Schutung, tow-boat, twin-screw tunnel.... *479
Scout cruisers, comparative trials of American 338
Selected marine patents....*44, 86, 132, 177, 226, 272, 313, 354, 398, 439, 487, 534
Shallow-draft boats in the Pacific Northwest *463
Shallow-draft gunboat Widgeon..... *496
Shallow-draft house-boat for Southern waters *467
Shallow-draft gunboat *441
Shallow-draft stern-wheeler for Mexico.. 477
Shallow-draft power cruiser..... *383
Shallow-draft steamboats Bluff City and Indiana *465
Shallow-draft steamers, notes on..... 474
Shallow-draft yacht *459
Shipbuilding in 1909, British..... 62
Shipbuilding, new departure in American. *355
Southern Pacific freight steamships, New. *506
Steamer Atalanta. McPherson..... 13
Steamer Balmoral Castle *45
Steamer Gen. E. O. C. Ord, for submarine service. Fuller and Marsden..... *16
Steamer Mordenwood 414
Steamers City of Philadelphia and City of Wilmington *133
Steamship Akassa 429
Steamship Alabama *366
Steamship Citta di Catania *407
Steamship Coalinga *324
Steamship France *512
Steamship Herman Frasch *63
Steamship J. A. Chanslor *227
Steamship Jonathan Holt *373
Steamship Lisboa *420
Steamship Northland 235
Steomship Prinses Juliana *104
Steamship Rotorua *385
Steamship Ruth *355
Steamship St. Albans..... 427
Steamship Umegaka Maru *87
Steamships Bear and Beaver..... *99
Steamships City of Montgomery and City of St. Louis *293
Steamships, Coastwise and Transportation colliers *290
Steamships, El Sol and El Mundo..... *506
Steamships Kama Maru, Hirano Maru, Atsuta Maru, Kitano Maru *273
Steamships Kentuckian, Georgian and Honolulan *399
Steamships, old American transatlantic. Bradlee *415, 503
Stern-wheel river steamer, proposed design for *460
Stern-wheel steamer Axholme 454
Stern-wheel steamer Endeavor *461
Stern-wheel steamers on German rivers.. *449

PAGE

Submarine armored cruiser of 4,500 tons. Portugalof 70
Suction-gas plants, Dutch. Van Brakel.. 164
Superheat, effect on the economy of a marine engine as determined by tests on the steam yacht Idalia. Halligan..... *106
Tamele, trial trip of 291
Tanona, shallow-draft steamer..... *464
Terry, torpedo-boat destroyer..... 413
Test of Thornycroft boilers, fuel-oil apparatus and fire-room fans on torpedo-boat destroyer Roe. Bailey..... *319
Tests of a Babcock & Wilcox marine boiler 495
Tirailleur, French turbine destroyer..... *283
Torpedo-boat destroyers, modern..... *329
Towboat Gamecock *237
Tow-boat Schutung *479
Towing steamer for river Nile..... *475
Transatlantic packet ships, old. Bradlee.. *374
Transatlantic steamships, old American, Bradlee *415, 503
Transport, a new type of iron ore. Coleman *241
Transportation, steel-screw collier..... *290
Trial trip of a new steamer..... 137
Trial trip of steamship Tamele..... 291
Trials of American scout cruisers..... 338
Tug, Flying Kestrel..... *423
Tug Kaiser Wilhelm II..... 479
Tunnel boats 472
Tunnel steamers vs. stern-wheelers. Ward *451
Turbine drive for ship propulsion, a new form *159
Turbine generating sets in the navy..... *12
Turbine machinery of the U. S. destroyers Reid and Flusser *158
Turbine propulsion, recent developments. Neilson *56
Turbine steamer Atalanta 13
Turbines versus reciprocating engines, practical operation of. Nolan..... 510
Umegaka Maru, second turbine steamer for the Japanese volunteer fleet..... *87
United States Naval School of Marine Engineering 281
Utah, U. S. battleship..... 292
Valiant, stern-wheel steamer for Southern Nigeria *469
Vespasian, installation of reduction gear on *253
Viola, new whaling brig *372
Vollrath Tham, iron ore transport..... *241
Voltigeur, French turbine destroyer..... *283
Vulcan, U. S. collier..... *25
Welin quadrant davit, improvements in the *334
Westinghouse reduction gear..... *159
Whaling brig Viola *372
Will H. Isom, Yukon river tow-boat..... *443
Winchester, fast steam yacht..... 325
Wyoming, six-masted schooner..... *1
Wyoming, U. S. battleship..... 292
Yacht, shallow-draft *459

COMMUNICATIONS.

Comment on the boat problem..... 487
Development of battleships..... 313
Largest wooden ships. Greenleaf..... 176

EDITORIALS.

Argentine dreadnoughts 220
Armaments of battleships 528
Comparative backing trials of scout cruisers 349
Comparative cost of operating American, British and German steamships..... 306
Design of columns for ship work..... 435
Development of inland waterways..... 173
Economy of superheated steam..... 124
Engineering efficiency in the navy..... 267
Experiments with navigable models..... 81

PAGE

Fire boats 266
French destroyers 307
Gyroscope 529
Internal combustion engines 173
Marine auxiliaries 125
Mechanical gearing for turbines..... 266
Motor-driven ships 392
Naval matters 81
Naval reorganization 37
Naval School of Marine Engineering.... 306
New Bureau of Lighthouses..... 348
Notice to readers 482
Oil fuel 172
Old transatlantic packet ships 392
Performance of the battleship Delaware.. 36
Practical experiences of marine engineers. 392
Precautions in handling oil fuel..... 435
Protection from fire on board ship..... 529
Saving of life at sea..... 434
Shallow-draft river steamers.....124, 482
Shipbuilding 348
Shipbuilding in the United States..... 36
Terminal facilities at river ports..... 482
Torpedo-boat destroyers..... 349
Turbine propulsion 80

ENGINEERING SPECIALTIES.

Air compressor, portable. National Brake & Electric Co..... *485
Apprenticeship certificates 224
Auto tool, Vulcan. J. H. Williams Co... *129
Bearing metal, "Glyco." Jos. T. Ryerson & Son..... *223
Bevel protractor. Brown & Sharpe Mfg. Co. *311
Beveling machine. Davis & Primrose... *127
Block, ball-bearing pillow. Bantam Anti-Friction Co. *437
Blower for fuel oil burning. B. F. Sturtevant Co. *484
Boiler, genetic. T. Toward & Co..... *129
Boiler, improvements in the Niclausse. J. & A. Niclausse *40
Bradford steam cock..... *532
Buoy, low-pressure acetylene gas. International Marine Signal Co..... *395
Burners, oil fuel. Hauck Mfg. Co..... *175
Condenser packing tool, "Star." Matteson & Drake *224
Condenser. Westinghouse-LeBlanc *437
Cut-off valve, automatic. Lagonda Mfg. Co. *127
Delineator, Lenthall's patent. Heath & Co. *41
Die head for pipe threading, stationary. Landis Machine Co..... *396
Electric forge blower. B. F. Sturtevant Co. *223
Engine, compound marine. Marine Iron Works *268
Expansion joint. Goodby *532
Fan dynamometer. Joseph Tracy..... *126
Feed cleaner and heater, patent. North Eastern Marine Engineering Co..... *308
Filters, Krause-Miller absorbent condensation. Alexander Miller & Bros..... *126
Forced-draft system on dredgers. James Howden & Co. 224
Galvanic metal packing. W. Christie & Co. *130
Gas engine. New York Gas Engine Co. *531
Gasket, "National Safety." Dyna-Como Co. *268
Generating set. B. F. Sturtevant Co.... *84
Grab bucket, an efficient orange peel. Mead-Morrison Mfg. Co..... *222
Grease-extracting feed-water filter, H_2O. American Steam Gauge & Valve Mfg. Co. *130
Head for boiler-tube cleaners. Lagonda Mfg. Co. *175
High-speed rotary drill. Swift & Sons.. *531
Hydraulic joggling machine, "Lambie's" patent. Hugh Smith & Co..... *38

PAGE

Hydraulic pump. Watson-Stillman Co.. *84
Hydrocarbon converter. Hydrocarbon Converter Co. *128
Keel-plate bending machine, patent hydraulic. Hugo Smith & Co..... *394
Magnets, lifting, for salvage work. Cutler-Hammer Mfg. Co..... *268
Marine engine, Sulzer Diesel. Jacoby... *41
Marine oil engine, reversible. James Pollock Sons & Co..... *82
Marine register and indicator. McNab Indicator Co. *222
Marine tachometer "Hutchinson." Industrial Instrument Co..... *83
Mechanigraph. Topping Bros..... *437
Micrometer depth gage. Starrett..... *533
Multiple feed-water filter, "Sentinel." Alley & MacLellan..... *130
Multiple strainers. Lagonda Mfg. Co... *436
Nozzles, "Invincible," for fire-boats. Andrew J. Morse & Son..... *269
Oiler and wiper. Peerless Oiler & Wiper Co. *270
Pipe-bending machine. H. B. Underwood & Co. *351
Pipe wrenches, Vulcan bijaw chain. Williams & Co. *128
Ratchet wrench. J. H. Williams & Co... *350
Recording compass. Schuette Recording Compass Co. *174
Reducing valve, patent, "Foster." W. H. Bailey & Co. *129
Rivet-heating furnace. Monarch Engineering & Mfg. Co. *394
Rotary engine. Austin *530
Rotary engine, balanced. Herrick..... *309
Slide rule, duplex. Keuffel & Esser Co.. *308
Sliding, surfacing and screw-cutting lathe. John Lang & Sons..... *40
Steam trap, "Sentinel." Alley & MacLellan, Ltd. *350
Steamcubator. Steamcubator Engineering Co. *39
Steering gear, hydro-tele-motor. Hanchett & Dannheiser *175
Straightening propeller blades by hydraulic power. Watson-Stillman Co... *38
Tank apparatus, experimental. Kelso & Co. *40
Telegraph, electric engine room. W. P. Notcutt *270
Tool holder bits. Jos. T. Ryerson & Son. *395
Truck elevator. Reno Inclined Elevator Co. *351
Turbo-fans, vertical, for forced draft on shipboard. Kerr Turbine Co..... *269
Universal shear for channels, angles and plates. Covington Machine Co..... *312
Valve, compressed air. Gasket Mfg. Co.. *224
Valve, excelsior, parallel, slide, full-bore. Turnbull & Co. *82
Valve grinder, combination, "Ashcroft." Manning, Maxwell & Moore..... *224
Valve. Star Brass Mfg. Co..... *436
Vanadium steel dies for hot forging and drawing work. Pennsylvania Forge Co. *38
Winch, patent noiseless. David Wilson's Patent Noiseless Winch Co..... *308
Wire rope. Durable Wire Rope Co..... *174
Woodworker, patent comprehensive. Allan & Co. *484
Wireless induction upon lamps, effect of. Sterling Electrical Mfg. Co..... 225
Wrenches, "Arpeco." Rogers, Printz & Co. *82
Zynkara. Zynkara Company, Ltd..... 223

PRACTICAL EXPERIENCES OF MARINE ENGINEERS.
